Special Grants are grants of up to \$5,000. The difference between the two is that to qualify for a Special Grant your project must have at least two matching contributors in addition to the Prince George Community Foundation (i.e. the project has a \$5,000 contribution from at least two other organizations).

Seed, or Development Grants have a maximum of \$1,000. Development Grants are intended to help organizations flesh out project details for future Prince George Community Foundation project applications, and can cover the costs of research or consulting.

Multiyear Grants require submission of a 3-year project budget in addition to the completion of the application below. Multi-year Grants are available at a maximum of \$2,500 per year, for a maximum of 3 years.

All Grant types require completion of this application form.
